First steps in Germany for employees

Your perfect start

6 steps for a perfect start

There are only a few things that are absolutely indispensable when you're new in Germany as an employee. This brochure walks you through them step by step and tells you where to go to get what you need.

Step 1: Your registration

The first thing you'll need is a place to live. Once you've found somewhere, you have to register your new address with the **Einwohnermeldeamt** (residents' registration office). You can normally do this at the **Rathaus** (town hall) or **Bürgeramt** (administrative office for citizens), where they will issue you an **Anmeldebestätigung** (confirmation of registration). In most areas, you can get in touch with your local office by dialling the general phone number 115. They'll be able to help you with any questions you may have regarding registration. www.115.de

Step 2: Your tax ID

Once you've received the **Anmeldebestätigung**, you'll be asked whether you have a tax identification number (**Steuer ID-Nr.**). Your tax ID is important when you start working. If you aren't asked about it when registering, please visit your **Finanzamt** (tax office) and apply for a tax ID there. You can find out which is your local tax office here: [Finanzamtsuche at barmer.de](http://www.bzst.de/DE/Service/Behoerdenwegweiser/Finanzamtsuche/GemFa/finanzamtsuche_node.html) (www.bzst.de/DE/Service/Behoerdenwegweiser/Finanzamtsuche/GemFa/finanzamtsuche_node.html)

Step 3: Your health insurance

In Germany, you also need health insurance cover. BARMER is one of Germany's largest health insurance companies. Please get in touch with your BARMER representative for more information. He or she will be able to tell you the quickest and simplest way of joining. We'll then take care of informing your employer or university about your health insurance policy on your behalf.

Step 4: Your social security number

In addition to this, you'll need a social security number so that your employer can pay you and we can book your insurance premiums correctly. Your BARMER representative can apply for this number on your behalf and you'll receive it within a few days. You then just need to let your employer know.

Step 5: Your bank account

Next, you'll need to open a current account with a German bank. It's a good idea to compare offers as some banks don't charge account maintenance fees on current accounts.

Step 6: Your visa

When you apply for your visa, it is checked whether your educational degrees are recognised in Germany. In case they are, you will receive a visa for four years upon submission of the relevant documents (employment contract, certificates, passport and passport photo). However, if your degree is not recognised, your future employer and you have to submit your certificates for evaluation by the German authorities. If the result of the evaluation is positive, you can go ahead with the visa application process.
